

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for GA2570001 TOCCOA

In February 2026, we became aware that our drinking water system collected Lead and Copper samples outside of the required monitoring period. For compliance period 2023 - 2025, we were required to collect Lead and Copper samples between June 1st – September 30th. We collected samples on October 14th, 2025. Although this incident was not an emergency, we are required to notify our customers of the monitoring violation.

“We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. We did not complete the required monitoring or testing for LEAD & COPPER that was due during the 1/1/2023-12/31/2025 compliance period and therefore cannot be sure of the quality of your drinking water during the last compliance period.”

What should You do? There is nothing you need to do at this time.

The table below gives more detailed information about the monitoring violation:

Contaminant	Required # of samples that should have been taken:	# of samples that were taken:	When samples should have been taken:	When samples were taken:
Lead	30	30	Between June 1-Sept 30 of scheduled compliance year	Oct 14 of scheduled compliance year
Copper	30	30	Between June 1-Sept 30 of scheduled compliance year	Oct 14 of scheduled compliance year

What is being done?

The City of Toccoa will perform additional lead and copper monitoring between June 1 – Sept 30, 2026. The City has **never** had a Lead and Copper sampling violation as a result of Lead and Copper contamination, including the October sampling results.

For more information, please contact Harry Scott at (706) 886-8451 or hscott@cityoftoccoa.com.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
